TO WHOM IT MAY CONCERN:

Allow me to introduce myself. I'm Steven Wright, CGCS, Director of Golf Course and Landscape Operations for Boca West Country Club.

Since joining the staff at Boca West in 2002 I've had the opportunity to work hand in hand with leading golf course architects as we completely re-designed two of our existing courses. The club's golf course contractor of choice was RyanGolf. I had heard good things about RyanGolf so my expectations were high. In 2005 and again in 2006 RyanGolf delivered on these expectations. Everything from planning, estimating, physical soil testing, irrigation, drainage, rough and finish shaping and planting was expertly done with the club's best interests in mind. RyanGolf's staff of professionals worked hard with us to finish on time and budget. Even a late season hurricane named Wilma in 2005 did not keep us from meeting our goals.

In my 25 year career as a golf course superintendent I've been fortunate to work and learn with some of the best in our business. RyanGolf is the "best" I've worked with period.

Sincerely,

Steven M. Wright, CGCS  
Director of Golf Course and Landscape Operations
